

## Rakesh Mittal, President of Corbus joins Client Advisory Board

**Denver, March 09, 2008:** Redhawk Investments Group, LLC today announced the addition of Mr. Rakesh Mittal, President of Corbus International to its client advisory board. He will provide his leadership and guidance to the team in the areas of business development, client acquisition, strategic alliances and strategy development.

Mr. Rakesh commented that, "Till I understood the vision and mission of Redhawk Investments, I could never imagine such an upside for global entrepreneurs in increasing productivity and opportunity to enhance quality of life. I think that this is going to be a 'game changer' and to me it is way beyond being a Real Estate project."

Mr. Bipin Agarwal commented, "Rakesh's advice on the client advisory board is going to propel our client acquisition strategy and help focus our efforts going after the high value clients for Redhawk City. Bringing Rakesh on board also shows our commitment to expanding the Redhawk vision beyond the first Redhawk City." Redhawk Investments has recently announced a string of advisors that have joined the team. The company has already made tremendous strides in identifying the opportunity, locking in the land and finalizing on investment and development partners. It is also in detailed talks with a number of healthcare and hospitality companies to develop partnerships and alliances for Redhawk City.

Rakesh is the President and Chief Operating Officer of global organization, Corbus. He is responsible for articulating and executing Corbus's strategy and managing all aspects of the company's operations. Before joining Corbus, he successfully headed the national sales effort for Perot Systems subsidiary and served as a key executive at HCL Technologies. Rakesh was also an early contributor to the initial growth of Wipro Infotech, which is one of the world's top 15 global conglomerates in outsourcing. Having worked in two major global players from womb to tomb, he is one of the few globetrotting executives to have successfully worked in three continents in both IT and IT-enabled services. Having been an integral part of the growth story of the IT/ITES industry, he is now busy establishing global leadership in Supply Chain services and was recently selected as a 2008 Supply & Demand Chain Executive Pro to Know.
