

Redhawk Group Announces 1st Client for Vishadh Park

Denver, October 11th, 2007:

Redhawk Investments Group today announced the signing of its first client for its captive center in Hyderabad. The first client is a technology focused company that caters to demand in Europe and Americas and runs centers out of India. The technology company has signed a MOU to setup a center of five hundred to six hundred employees over next five to six years at Vishadh Park.

Bipin Agarwal, CEO for Redhawk Investments Group commented that this is a great milestone for the company. "Nothing is more important for a business than its first client. Our first client MOU is signed. Our first client plans to establish 500+ people operation at our development. As I always expected, clients will sign up for our venture because of the exceptional value we are going to deliver to clients and their employees. Our "Twenty-Minute Lifestyle" will redefine how the real estate will be developed in the future in India."

Redhawk expects to get additional commitment for Vishadh Park once the next 6 months given the recent announcement of the project in Hyderabad. The company has already locked in 650 acres of land and will be starting development in the next 3 months.

Redhawk Investments Group

Redhawk Investments Group, located in Denver, Colorado is in the business to assist in the development of real estate opportunities. Its purpose is to help develop real estate parks in India and other parts of the world. The group conjoins the tremendous opportunity in the Indian real estate market and the need for companies to develop a presence in India, in order to cater to local markets and develop the companies' global back offices. Redhawk Investments Group has developed a plan for building a community of captive centers for about twenty thousand employees along with residential, healthcare, retail and recreational facilities for the employees and their families all within a twenty-minute radius. This lifestyle will provide clients with additional 30% productivity improvement through lower commute time, lower turnover, higher employee engagement, and enhanced lifestyles.
